Business Idea – Abandoned CAA Colony in Karachi

Business Idea – Micro-Settlement Township Country Village

*Not drawn to an actual scale

Overview – Problems & the Solutions

CAA Colony

- The area shown in the map was once **logistics base** of Civil Aviation Authority.
- The area has now been **abandoned for nearly two decades**.
- Speculations have claimed that CAA is auctioning this 22 Acres of area land at bidding cost of **Rs. 3.726 billion PKR**.

MSTC Village

- Sustainable neighborhood
- Safe
- Karachi's eco-friendly & utopian neighborhood
- Community-oriented

Value Proposition

What makes us different?

Holistic Living

Modern amenities with sustainability.

Target Market

- **Audience:** Middle to upper-middle and high class families & young professionals.
- **Location:** Karachi, with over 14 million residents.
- **Demand:** High need for quality, safe, and sustainable housing.
- **Preferences:** Community-focused, eco-friendly, and modern amenities.
- **Trends:**
 - Rapid urbanization.
 - Increasing interest in sustainable living.

Three stylized white clouds are positioned at the top of the slide: one on the left, one in the center, and one on the right.

Market Research

A single stylized white cloud is located to the left of the section header.

Competitive Analysis

Identified a **desirable need for sustainable housing** developments in Karachi.

Market Size

Significant **population growth and Karachi's dystopian infrastructure** is a driving demand for quality living spaces.

A single stylized white cloud is located to the right of the section header.

Consumer Insights

- Preference for eco-friendly environments.
- Willingness to invest in sustainable living solutions.

Bonus Points

- Urbanization leading to increased housing demand.
- Shift towards sustainable practices in real estate.

Business Model

- **Revenue Streams:**
 - Residential sales
 - Rental income
 - Community services
- **Sustainability Focus:** Long-term value through eco-friendly practices.

Marketing Plan

<u>Mortgage, Grants and Funding</u>	Explore monetary and government opportunities for small-scale development projects.
<u>Target Audience</u>	Focus on families, young professionals, and local businesses.
<u>Digital Campaigns</u>	Utilize social media and online ads to promote housing, motels, marketplace, and neighborhood activities and community actions/plan.
<u>Community Events</u>	Host local fairs and open houses to showcase amenities like parks and recreational spots.
<u>Partnerships</u>	Collaborate with local businesses for cross-promotions and community engagement.
<u>Volunteer Power</u>	Recruit volunteers for community events.

Several white, stylized clouds are scattered across the top of the slide against a light blue background.

SWOT Analysis

A small white, stylized cloud is positioned to the left of the Strength header.

Strength

Innovative design and strong team expertise.

Weakness

Initial funding challenges.

Opportunity

High demand for sustainable housing solutions.

Threat

Economic fluctuations and regulatory hurdles.

Risk Management

Market Volatility

Solution -> Diversify revenue sources to minimize risk.

Economic Downturns

Solution -> Use flexible pricing model and incentives to attract buyers & renters.

Regulatory Changes

Solution -> Stay updated on laws & engage with local authorities.

Social & Environmental Impact

1. Fosters **community engagement** and provides **safe housing**.
2. Utilizes **renewable energy** and **sustainable, eco-friendly parks & areas**.
3. Supports **local businesses** through marketplaces and job creation.

Creativity and Innovation

Unique Design

Leads a community-focused architecture.

Innovative Solution

Addresses urban challenges through sustainable practices.

Overall Feasibility

- MSTC Village is a viable solution for Karachi's urban challenges.
- Invest in us, we promise long-term returns through sustainable developments.

Thanks!

Sky's not the limit;
it's just the view!
